GAME DESCRIPTION

Wheel Deal is up to a six player position rotary coin game. The game is played by inserting a coin or token into a coin acceptor. The coin travels down a track to a rotating play field. The coin then travels along a stationary arm as the play field spins. The outer edge of the wheel contains the award area. Once the device determines the coins position, the coin is swept off the play field. Based on the coin placement, any award value is dispensed as tickets for redemption.

CONDITIONS

- 1.) The maximum price to play shall not exceed values set forth in N.J.A.C. 13:3-3.4.
- 2.) Payout must occur immediately upon a win.
- 3.) Game shall be clean and free of debris.
- 4.) The play field surface shall be from any holes, burrs, blemishes or imperfections that would impede game play.
- 5.) Game shall be installed and maintained according to manufacturer specifications.

This certification is not a license to operate the captioned gambling device. The device may only be operated in a location specifically approved for the operation of amusement games pursuant to the Law and Regulations.

The Commission reserves the right to suspend, revoke or modify this certification upon notice to the manufacturer and/or applicant.
